AIMS AND SCOPE

ANNALS of the Suceava University – *FOOD ENGINEERING* is the scientific official journal of the Faculty of Food Engineering. The journal policy is to publish high quality original scientific articles and reviews in the areas of food engineering and related disciplines, in a foreign language accepted by the UE. It should not have been previously published and should not be under consideration for publication elsewhere.

ANNALS of the Suceava University – *FOOD ENGINEERING* is a semiannually publication that is assessed and acknowledged by the CNCSIS dependent upon the Ministry of Education and Research.
